

The Waverly Community House is committed to community service.

The Student Volunteer Registry makes it easy for students and youth leaders to find and complete volunteer projects that will benefit their own community.

We hope that this program will both create a lasting partnership between the Comm and local students and also foster a strong sense of philanthropy that will develop as the students mature into adults. The Student Volunteer Registry at the Waverly Community House will support students by providing them with a safe, friendly, and convenient environment in which to volunteer; and students will support the Comm, and the community, by giving the gift of service.
